

Presenting an All-New Product from Hamilton Electronics:

Hamilton **USB** TRANSFER™ **EXPRESS**

- Copy data from one USB drive to up to 15 targets at once
- Collect data from up to 15 USB drives on to one drive
- Batch erase up to 15 USB drives at once

The Hamilton USB Transfer Express™ is the easiest way to copy large amounts of data from one USB drive to up to 15 targets at the same time. Transfer gigabytes of documents, audio and video at the touch of a button to any combination of USB flash media or hard drives. In addition to ease of use, you get the peace of mind of 100% data security and transfer speed faster than possible over a network.

USB 2.0 Compatible for Maximum Speed.

Key Features:

- No drive size limits - Copy or Collect gigabytes at a time
- Stand-alone system, no computer necessary
- Use any combination of USB2.0 Compatible Data Devices - Flash drives, SD/CF cards, USB2.0 Hard Drives, MP3 players and more!
- Copies 90 minutes of Audio (83MB) to 15 devices in under 10 minutes.

Applications:

- Businesses - Distribute large files securely with no exposure to the internet
- Trade Shows - Distribute product information quickly and easily
- Corporate Training - Copy audio and video lessons directly to portable players
- Education - Collect and organize data from 15 USB devices at the touch of a button
